

IDEAL-FIT™ DRAWERS NOW IN MORE SIZES TO FIT MORE HEIGHT ADJUSTABLE DESKS

NEW
SIZES

TO FIT 24-IN.
AND LARGER
DESKTOPS

GRAY

WHITE

BLACK

Your customers want accessible storage with their height adjustable desks but the crossmember that houses electronics and connecting components wouldn't allow it, *until now*. **Perfect Posture's® Ideal-Fit™** drawers were designed specifically with this space constraint in mind. We reduced the depth of the drawer to fit the desk but made them wide enough to provide plenty of room for the user's storage needs. We've even made drawers that fit under 24" desktops. And because they're from Perfect Posture, they're made to last, with all-steel construction, easy gliding ball-bearing tracks, and are powder coated for durability.

PERFECT POSTURE® MAKES YOUR HEIGHT ADJUSTABLE DESK CUSTOMERS EVEN HAPPIER

Our new **IDEAL-FIT** drawers are designed and engineered to fit underneath height adjustable desks without interfering with the channel or crossbar. And they're made to last, with all-steel construction, easy gliding ball-bearing tracks, and are powder coated for durability.
